Setting the Scene

“Health Education England will work with carers and their representative organisations to consider healthcare education and training needs for carers, to empower and equip them with the knowledge and skills they need.”
Setting the Scene

Made a commitment to improve the support available for carers through education and training
Setting the Scene

Sets out the ambition to give carers greater support
Setting the Scene

Sets out the need to make the NHS the best place to work, including a focus on those managing unpaid caring responsibilities.
The Project

• To provide support to carers through considering their education and training needs, to empower and equip them with the knowledge and skills they need

• Working in partnership with CarersUK, we will develop “bite sized” learning resources for carers, that will be free to access, via the e-learning for healthcare platform
Project Process

- Task and finish group
- Workshops to identify topics that would be of most support to carers
- Review existing online resource content for a carer audience
- Development of online resources with carers, subject matter experts and the E-learning for Healthcare team
- Piloting of resources
- Launch
- Evaluation of impact
